1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 2-21 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-19 of U.S. Patent No. 6805941, claims 1-97 of U.S. Patent No. 5989672, and claims 1-27 of U.S. Patent No. 5637373 in view of Itoh et al US 5614314 for the reasons of record.
3. Applicant's arguments filed 19 July 2005 have been fully considered but they are not persuasive.

Applicants argue that the independent claims of the present invention are patentably distinct from the combination of the claims of Hayashi '941, '672, '373 and Itoh. However give no reasons why it is patentably distinct when the limitations are found in the cited patents.

Applicants argue that the present claims are not a timewise extension of the claims of the prior patents. However the examiner disagrees and points out that obvious variant must be linked by terminal disclaimers to preclude the separate sale or licensing.

Applicants finally argue that the cited patents do not teach or suggest a magnetic recording disk comprising a magnetic film formed over a substrate. However see claim 89 of the '672 patent.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1773

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
